22 December 1953

MEMORANDUM FOR: Inspector General

25X1A9A

SUBJECT

: Mr.

1. The attached legal opinion requires a determination in the light of the facts of each case. I have reviewed the circumstances pertaining to the return and separation of Mr.  and have determined that his resignation was not based on his personal convenience. Therefore, collection back of the expenses of travel from Washington to his field station is not required.

25X1A9A

2. On the other hand, in connection with his travel from the field back to Headquarters, I find no facts which would justify retroactive authorization that the travel was for the convenience of the Government and, consequently, no approval for the expenses of travel for the return trip will be given.

LAWRENCE R. HOUSTON  
Acting Deputy Director
